

BT Tyro

Powered hand pallet truck

The BT tyro LHE130 is the new entry model perfect for light electric pallet truck applications. It can transport and lift loads up to 1300 kg. The LHE130 is available with li-ion technology for energy efficiency. It combines the features of a powered pallet truck with the flexibility of a pallet truck. The BT tyro is the perfect solution for hand pallet truck users who need that extra boost in productivity.

Lithium-ion battery for increased productivity

Pin code for access control

Effortless manoeuvrability, light and compact

Ergonomic design perfect for confined areas

Product specification

The BT tyro LHE130 compact design is perfect for light applications in confined areas such as retail, shops and warehouses, as well as loading/unloading lorries. The LHE130 is ergonomic and can be manoeuvred effortlessly thanks to its tiller arm allowing it to work perfectly while on a vertical position. This truck comes with a maintenance free Lithium-ion battery for fast and opportunity charging ensuring high availability and flexibility.
