BT Tyro Stacker

Entry-level powered stacker

The BT Tyro SHE100 is the new entry-level stacker model, perfect for light stacking applications. It can transport and lift loads up to 1000 kg. The SHE100 is available with li-ion technology for simplicity of use and energy-efficiency. It combines the features of a powered stacker truck with the small size of a manual stacker. The BT Tyro Stacker is the perfect solution for manual and semi-powered stacker truck users who want to step-up to a fully powered stacker.

Energy efficient
integrated Lithium-ion
battery

Safety
Pin code, speed reduction
on cornering, central tiller
arm

Manoeuvrability
small dimensions
low weight

Visibility
clear view through mast
over forks

Product specification

- Ideal for stacking in low-intensity applications
- Compact dimensions
- Perfect in confined spaces
- Ergonomic and easy to manoeuvre thanks to its central tiller arm
- Speed reduction when cornering
- Work perfectly while tiller arm on a vertical position
- Integrated lithium-ion battery for fast and opportunity charging
- On-board charger for easy, quick and convenient charging
- Excellent visibility through mast
- Pin-code start-up
- LED informative display

Specification	BT Tyro Stacker
Lift height	2900 / 3600 mm
Service weight including battery	565 / 594 kg
Load capacity	1000 kg
Overall length	1710 mm
Overall width	800 mm
Turning radius	1350 mm
Battery capacity	24V/60Ah
Travel speed, with/without load	4.2/4.5 km/h
